			quality and standard in the field of comfortable sleep.The mattress frames produced by us have a certificate for European design No.:001034912/06.11.2008, for industrial design No.: 6823/24.09.2008 and certificate of conformity No.: 11P/27.10.2011.	which is interested in slatted bed frames.
5	Mihael Valentinov Varbanov, Interior Designer	E and D Logistics	Love 2 Design is a design studio that offers a complete cycle for the complete interior furnishing of the home, office and hotel. From the design idea to the smallest realized detail, the team of experienced professionals will turn this process into a pleasant experience for everyone who trusts them. The combination of an individual approach, the latest visualization technologies and the use of quality materials is ideal for making your dream interior come true. The combination of functionality, aesthetic forms, elegance, style and comfort makes their furniture desirable to everyone. The innovative design methods offered by creative and ambitious experts in the field of furniture can take you to another world. The balance of price and quality that Love 2 Design offers is not an illusion, it is achievable with proper planning, professionalism and dedication to work. For them, it is not just a job, but a passion for design and the creative process.	We are interested in partnerships in the field of interior and product-furniture design. We can be useful both in designing entire spaces for our partners' clients, and in designing furniture products for serial production. We have an established partnership program for reselling the Interior Design Project service and many awards from product furniture design competitions. We would be useful to have contacts with companies offering furniture and interior materials. Partnerships with architects, interior designers, entrepreneurs, investors, construction companies, state and public institutions, furniture factories and others in the field of interior space improvements.
6	Mincho Minkov, Director	Evrika Commerce LTD	Erika Commerce is a Bulgarian furniture company that specialises in designing and crafting high quality furniture, with great flexibility in size, colour and design. First production consisted of	<b>Showcase our latest product innovations and design concepts:</b> We are

			<p>individual orders for upholstering of private habitations, offices and hotels. In 1998, began small production of solid wood furniture mainly for export to France, England, Belgium and Netherlands. Production is made from oak, cherry, beech and lime woods but also from a combination of solid wood and natural veneered MDF. The materials we use: varnish, glue have quality certificates from the “European Union” and are ecologically pure. The furniture is built with the most modern techniques incorporating the principles of tradition and craftsmanship. Famous for their original design and high qualification, the employees of the company – 60 skilled workers are ready to satisfy any specific requirements of the client.</p>	<p>eager to present our product categories to a targeted audience of industry professionals, interior designers, and potential clients.</p> <p><b>Expand our market reach:</b> The expo will allow us to connect with new customers, distributors, and potential partners from both domestic and international markets.</p> <p><b>Increase brand visibility and awareness:</b> We aim to enhance our brand image and establish ourselves as a prominent player in the furniture industry.</p> <p><b>Network with industry leaders:</b> We are keen to engage in valuable discussions with other industry professionals, explore potential collaborations, and stay abreast of the latest trends and innovations.</p>
7	DIANA PANKOVA, CDO AND MANAGING PARTNER	KAID	<p>KAID is a brand dedicated to producing high-quality kids’ furniture that is functional. Our Scandinavian-style products are crafted from durable and recyclable materials, ensuring both safety and sustainability.</p> <p>At KAID, we prioritize the needs of children, designing our furniture with their growth and development in mind.</p> <p>About design and production: At KAID we create our own design products with timeless aesthetic that can blend seamlessly with the rest of each contemporary home decor.</p>	<p>Retailers and Distributors, including decision-makers from children's furniture physical stores; wholesalers and agents seeking new suppliers for children's furniture in bulk; export partners; collaborative brands</p>

			<p>We provide a functional and stylish option for parents who want their children’s rooms to have a cohesive, natural feel that is not overly childish or uninspiring.</p> <p>Our style typically features simple, clean lines and a focus on functionality. Keeping all of our design and manufacturing processes in house allows us to stay true to our core values of clean, considered design, strong functionality and lasting quality for each one of the products made by us.</p> <p>Modern machinery well combined with the hand-crafted process. We use high-quality and sustainable materials.</p> <p>We use certified materials tested in an independent laboratory. Designs are directly printed onto the material with inks that possess the Green Guard Gold Certificate. Green Guard Gold Certification is a program that evaluates whether a product meets strict standards for content and emission of chemical substances. It focuses on ensuring that products are safe for use in environments where people may be more vulnerable to the effects of chemicals. The possession of the certificate guarantees that strict tests have been successfully passed and that the product has low chemical emissions. This ensures that the inks are safe for use in indoor environments where air quality is a concern.</p> <p>The finish of our furniture is the fine and smooth surface which we achieve with water-based, high-quality, safe lacquer coatings, made by our own recipe.</p> <p>To bring happiness to the smallest detail, we create each product to be transported in intelligent flat packaging. This saves space for storage and transportation.</p> <p>Our packaging does not contain unnecessary fillers - only more craft materials for some play and long kids activities.</p> <p>Each piece of furniture is designed with an easy-to-assemble system that will turn it into an unforgettable experience for the whole family who brings KAID furniture into their home.</p> <p>High-quality furniture that is designed to last and remain functional and aesthetically pleasing for many years to come.</p>
